Monti

A multi-functional office chair designed for users who remain seated for extended hours, such as in call centres, service counter and control rooms. The **BIFMA** Standard Asynchro mechanism system provide a full range of support for our body throughout a whole day's work. A breathable polyester mesh suspension allow improved ventilation and transpiration, to provide exceptional thermal comfort. Monti can be tailored into different versions to suite specific needs by combining different mechanism, armrest and base options.

Endurance Asynchro Mechanism System

specifications

Back

back height is adjustable by ratchet mechanism, without need to release any knobs or buttons. Breathable mesh backrest allow improved ventilation and transpiration, to provide exceptional thermal comfort.

2 armrest options

Soft Touch Arm

height adjustable arm with soft moulded armpad made of PU foam for contact comfort.

4-way Adjust Arm

height and width adjustable armrest with swivel and depth adjustable PP moulded armpad.

High Density Seat Cushion

PU seat cushion to optimize the distribution of body pressure during long working hours.

2 mechanism options

Multi-level Adjust Asynchro mechanism

this BIFMA Standard mechanism allow individual adjustment on seat and back. The forward seat tilt give a natural resting position where the muscles are relaxed and the body is in a perfect posture for "Balanced Seating". The tilt tension control to obtain a balanced reclining resistance.

Synchro mechanism

synchronised mechanism with tilt tension control, multi level tilt lock, and pneumatic seat height control.

Base

standard aluminium base in black colour with dual-wheel castors in black nylon. Optional plastic base in black colour.

628 TQ A63 BB

Monti supports constantly changing sitting posture at workdesk without stress, leading to improvements in office productivity.
