SEATING EXCELLENCE AT WORK

MERRYFAIR®

Sophia is a modular sofa system designed for offices, bars, hotels and waiting areas. The square module and quick linking encourages designers to experiment with endless layout orientations and various eye-catching multi-colour swatches.

With **Sophia** as your building block, you can create semi-private spaces by adding screens and tables. Various modules and useful accessories makes **Sophia** customizable to any setting, offering the possibility to make formal office and conference settings more playful.

Clip-On Ganging
Modules are quickly linked together by a clip-on connector under the base. 2 connectors are included with each module.

▲ **Privacy Screen**

Optional add-on screen help to reduce visual distractions and enhance personal privacy and comfort. Use screens to create a cellular environment for meetings and working or for reading and resting within common areas.

▲ **Convenient hooks**

Screen connectors offers a hook to hang your bag or jacket. Steel internal frame with sponge and fabric upholstery. The screen is mounted to the module base.

▼ **Back-Seat-Base**

Cushioned back and seat in various upholstery colour options. Back shell is moulded in Polypropylene in 2 colour options, White and Grey, while the base is moulded in Grey Polypropylene.

▲ **Optional 45 degree Side Table** also available to form oblique and zig-zag arrangements. It attaches between two sofa modules using steel brackets underneath. Table Top will be in laminated MDF board in 18mm thickness.

▲ **Amenity Top**
210mm diameter laminated table top in 18mm thickness, just perfect for a cup of coffee or Ipad. Steel framework in epoxy powder coating and to be mounted underneath of base.

▲ **Armrest Bolster**
Fabric upholstered armrest for added plush and also functions as a divider between two seats.

▲ **Coffee Table Module**

Laminated table top in 18mm thickness, W700mm x L700mm come with Polypropylene base in standard grey colour. It can be integrated to other modules via clip-on connectors or as an individual coffee table.

▼ **Pouf**

Additional seating area without backrest, or you can even use it as a footrest.

Universal Standard Outlet
A multi-standard outlet located just behind the seat provides easily accessible charging points for devices from all around the globe. Outlet can be installed to the left or right side to suit arrangement.

Plug & Play Connection
Electrical power is supplied to sofa modules by simply plugging in additional modules. End users can easily reconfigure furniture arrangement by unplugging and replugging connectors, as if Sophia was an appliance.

Built in Wire Management
Cable guideways underneath Sophia's base keep wiring neat and away from view.
